Languages Spoken

- **French** – Native language
- **Turkish** – Bilingual
- **English** – TOEIC 790/990

DENIZ OK

Student at Epitech Nancy, currently working at Qualitest as an IT Assistant since February 2025. Passionate about cybersecurity and cloud infrastructure, I'm strengthening my technical foundations through database management, data analysis, and task automation (PowerShell, PHP, Bash).

Diplomas and Training

MSc Pro Program (In Progress)

Epitech Nancy

09/2024-07/2027

- Dev: Java, JS (Node, React, Express), PHP, TailwindCSS
- DB: PostgreSQL, MySQL, MongoDB
- DevOps: Docker, GitLab CI/CD, Jenkins, Kubernetes
- Sys/Sec: Linux, BSD, Nmap, Metasploit, Burp Suite

BTS SNIR (Digital Systems – Computer Science and Networks)

Charles de Foucauld, Nancy

09/2020-07/2022

- Programming (C/C++, HTML, CSS, Python)
- Network Administration (VLAN, LAN, Router, Switch, IPv4, Sub-nets)
- Virtualization (Mageia)

Professional Experience

IT Assistant

Qualitest, Nancy

02/2025 – Present

- Designed questionnaires & reports (Sphinx, IQ3, Dataviv').
- Database management & data analysis.
- Automated scripts (extraction, Dropbox transfers, anomaly detection).

Versatile Crew Member

Burger King, Vandœuvre-lès-Nancy

01/2024-03/2024

- Table service and drive-through – Restaurant maintenance
- Customer service: Warm welcome, quick and accurate order taking

Volunteer Trainee

1er régiment du service militaire volontaire,

Montigny-lès-Metz

03/2023-12/2023

- Development of essential skills in discipline and teamwork
- Participation in varied and rewarding missions

IT Projects

CIA – Hybrid Proxmox Infrastructure (2026) – Confidential
Design and security of a multi-site hybrid infrastructure (Proxmox, pfSense, OpenVPN, NetBox, Elasticsearch)

[AI DevSecOps Watch \(2026\)](#).

Resources and scripts on integrating AI into DevSecOps processes

[MediSync \(2025-2027\)](#).

Scrum Master (team of 10, 8 sprints, Jira/Confluence): GDPR/HDS-compliant connected health platform (React Native, AI)

NSA – Network Security (2026) – Confidential

Segmented network infrastructure on OpenBSD/FreeBSD, secure gateway between 3 networks

[Linux System Inventory \(2026\)](#).

Automated Linux fleet audit tool, report generation (Python, Vagrant)
